

Peer evaluation template

Use this form in the stated units of your module to assess your team members' performance, including your own, in the group/team assignments. This feedback will not be shared with your team members. However, it will be considered for your final grade for the unit assignments. The full guidance is on the Department page.

Name	Sopheaktra CHEA
Group/Team number or name	Group 3

Team evaluation

Write the name of each of your group members in a separate column. For each person, indicate the score to which you agree with the statement using the rating scale below. Extreme scores (1 and 5) will need to be justified with comments as they are reserved for extraordinary events (lack of participation or going above and beyond, respectively).

Rating Scale

- 1 - Did not contribute in this way
- 2 - Willing but not very successful
- 3 - Average
- 4 - Above Average
- 5 - Outstanding

Peer evaluation template

Evaluation Criteria	Team member: Sarah Khalid
Attends team meetings regularly and arrives on time.	4
Contributes meaningfully to team discussions.	5
Completes team assignments on time.	4
Prepares work in a quality manner.	5
Demonstrates a cooperative and supportive attitude.	5
Contributes significantly to the success of the project.	4

Feedback on team dynamics

1. How effectively did your team work?

Answer: Our team worked very effectively. We divided tasks based on our strengths: Sarah handled the academic research, and I managed the technical architecture and infrastructure planning.

2. Were there any behaviours of your team members which were particularly valuable or detrimental to the team? Explain.

Answer: Sarah's proactive communication and clear updates were extremely valuable. This kept the project on track and made the final integration very easy. There were no detrimental behaviors.

3. What did you learn about working in a team from this project that you will carry into your next group/team experience?

Answer: I learned that establishing clear roles and assigning technical and theoretical tasks separately makes collaborative work much faster and easier to understand.

Self-evaluation

Indicate the extent to which you agree with the following statements, using the same scale shown on the first page. Provide a self-evaluation total.

Contributed good ideas	5
Listened to and respected the ideas of others	5
Compromised and cooperated	5
Took initiative where needed	5
Came to meetings prepared	4
Communicated effectively with teammates	4
Did my share of the work	5
TOTAL	33

My greatest strengths as a team member are: My greatest strengths are acting as a lead coordinator between different project parts and designing the technical security architecture. I effectively contributed to the hardware endpoint hardening strategies, Cloud WAF integrations, and the overall Gantt chart planning.

The group work skills I plan to work to improve are: I plan to improve how I balance highly technical system designs with broader academic writing to make the final reports even shorter and easier to understand for non-technical readers.
